Education

Marwadi University
Computer Engineering - Diploma
CGPA: 8.13

Rajkot, Gujarat
Oct 2020 - May 2023

Marwadi University
Computer Engineering - B. Tech

Rajkot, Gujarat
Sept 2023 - May 2026

Experience

Brainy Beam Technologies | [MERN Stack Intern](#) Ahmedabad, Gujarat | May 2025 – June 2025

- Developed secure authentication and registration flows with real-time validation and structured error handling.
- Built Core page layouts including routing, profile modules, and dashboard navigation with a clean, scalable architecture.
- Followed modern web development standards and clean code practices, ensuring maintainability, performance and security.

Skills

Programming Languages: C, C++, PHP, HTML, CSS, JavaScript, SQL, Dart
Libraries/Frameworks: React, Node, Flutter
Tools / Platforms: VS Code, Git, GitHub, Netlify
Databases: MySQL, Firebase, Oracle

Projects

PrepDesk – Online Exam System | [GitHub Repo](#) | [Live Demo](#) **Flutter (Dart), Firebase, JSON**

- Created an online examination platform allowing users to attempt multiple exams.
- Designed to support static subjects with 30 MCQs each, with shuffling functionality based on login.
- Developed using Flutter & JSON for question storage and dynamic loading.
- Ensured a user-friendly interface for a seamless test-taking experience.

XKCD Comic Mailer | [GitHub Repo](#) **PHP, Mail SMTP**

- Built a PHP-based system that fetches the latest XKCD comic and emails it to registered users.
- Integrated Gmail SMTP for sending HTML emails, including unsubscribe and verification features.
- Developed with modular code and basic security features like email verification links.

My Meds – Online Pharmacy Store | [Live Demo](#) **WordPress, WooCommerce, Elementor, PHP**

- Built a feature-rich e-commerce site with login, cart, wishlist, product filters, and order tracking.
- Configured preloaders, variation swatches, and speed optimization using LiteSpeed Cache.
- Focused on UI/UX with Woostify theme and responsive design
- Used WooCommerce, Elementor, and plugins like Contact Form 7 and TI Wishlist for core functionality.
